## 2019 NAMM Foundation SMMA

### Welcome!

Now in its 20th year, the award program continues to celebrate and recognize innovative and resourceful music education programs in the United States and those schools and communities that support them. This comprehensive survey requests information that reveals statistical and factual information about music education and related opportunities for students to learn music.

This new survey was developed in partnership with the Music Research Institute at the University of Kansas and WordCraft, LLC; survey questions are aligned with goals for equity and access to music education for all students, and also with national standards for music education. This new survey commemorates the 20th year of the Best Communities for Music Education program, which seeks to support communities everywhere that are working to assure music education opportunities for all students.

The SupportMusic Merit Award survey acknowledges schools for their commitment to and support for music education. If you are applying on behalf of an individual school (charter, parochial, private), please complete this survey. If however, you are applying for a school district-multiple schools, grade levels, please complete the [Best Communities for Music Education survey](#).

**Note:** There is no advantage to completing both the SMMA and the BCME survey. If you wish to represent an individual school, please complete this application. If you wish to represent your district, please complete the [BCME application](#).

It is critical to the scoring process that only ONE APPLICATION be submitted per school. We realize that many entities in your community may be excited about participating in this competition, and we strongly encourage you to work together to complete this comprehensive survey.

All responses to this survey are confidential. The survey, its content, and any related communications are private and intended solely for the viewing and use of the individual or entity to whom they are addressed. If you have questions concerning your privacy please send an email to, [info@nammfoundation.org](mailto:info@nammfoundation.org).

The survey will be available until January 31, 2019. To begin, click on the work "NEXT" below.

### Instructions

Once you have gathered all of the necessary information, the survey will take approximately 30-45 minutes to complete online. We encourage you to go to [The NAMM Foundation website](#), print out a copy of the survey, and gather all of the data before you begin entering information about your district online. The survey has been revised in honor of its 20th Anniversary, with the goal of learning even more about exemplary music education programs across the country. The new design will surface more details about offerings at the elementary, middle and high school levels.

The survey may have undergone significant change, but the instructions have not. Here are the simple instructions for filling out your survey:

\* Some questions are required, while others have been made optional. (Required questions are marked with an asterisk \*.) Note, however, that questions left unanswered can affect your overall score. It is in your best interest to complete as many items as possible. Applications left incomplete will not be in our final tabulations.

\* If you'd like to leave the survey at any time, just click the "EXIT THE SURVEY" button located at the top right hand side of the page. As long as you are on the SAME COMPUTER and your browser's cookies are enabled, you will be able to return to your survey in progress. Your responses will be saved and you can continue where you left off or edit your previous responses.

\* Survey responses are submitted for consideration when the "DONE" button is clicked on the last page. Do not select this button until you are ready to submit the final application. Once selected, the survey will close and you will not be allowed to return to your answers.

\*Make sure that you complete the brief audit, built in to the conclusion of this survey. You must complete these questions and click "Done" before your responses will be considered.

If you have any questions, please contact our Technical Assistance team by email at [nammsurvey@gmail.com](mailto:nammsurvey@gmail.com) or by phone at 785-218-7655. Questions will be answered as soon as possible.

Thank you again for your participation!
