

The Smart Women in Music (SWIM) Summit **Application Guidelines**

SWIM Mission: SWIM Fund was created in 2018 to expand diversity, inclusion and support for women in the music products industry.

SWIM Summit Program Statement of Purpose: The SWIM Summit program supports women working in the music products industry and their goals to connect, support and grow their leadership and professional abilities. An annual leadership immersion experience will be offered with the applicants receiving the educational experience covered by the awarded scholarship.

The SWIM Fund envisions a future state of the music industry where at least 10% of the CEO roles are held by women (current state is 2.2%) and 50% of C-suite positions are held by women. Our focus with this program is to build leadership skills, confidence and a lifelong network for inspired, driven women to reach this goal within the next 10 years.

Key Goals and Educational Overview: The **SWIM Summit program** will connect and build relationships with other high-performance women in the music industry. Workshops and sessions will focus on;

- Identifying personal leadership strengths and enhancing them
- Improving communication and influence skills
- Learning effective models for giving and receiving feedback
- Building skills in resilience and mindset
- Creating concrete and actionable goals to enhance personal and professional effectiveness

This program will be focused on world class professional development, leadership training and building strong lifelong relationships between the attendees.

Award: Up to 16 SWIM Summit scholarships will be awarded. Awards cover the curriculum costs for a two-day leadership summit, an opening and closing reception, meals during the summit and travel to/from the hotel and to NAMM headquarters. Estimated grant value is \$4,500.

Summit scholarship awardees cover their costs for travel to San Diego, California, hotel, and travel to/from the airport and any other incidentals.
