

Welcome!

Welcome and thank you for participating in this special edition of the Best Communities for Music Education survey.

Through this annual survey, the NAMM Foundation seeks to acknowledge and celebrate the commitment of schools and districts across the nation who act on their belief that music is an essential element of a well-rounded education available to all students.

Let's get started.

- A. There are two awards available. You may only apply for one award:
- 1. **SupportMusic Merit Award**: this award is for an individual school (charter, parochial, private) that serves students at various grade levels.
- 2. **Best Communities for Music Education:** this award is for school districts (multiple grades AND multiple buildings). If you would like to apply for this award, please fill out the <u>BCME survey.</u>

Note: Only one application can be submitted per district or school. We strongly encourage you to designate one person or one team leader to complete the survey.

- B. This year we are including a special "More to Start" Supplemental Survey to assess post-COVID access points for new music students. This is especially important as schools and districts across the nation address these challenges and opportunities.
- C. To be considered for a SupportMusic Merit Award for 2023, please consider the following:
- 1. If you received the award in 2022, and if there have been NO significant changes to teacher staffing, student enrollment, or scheduling, you may choose to use the data you submitted in 2022 to be considered for the 2023 award.
- 2. If you choose to use your 2022 data to be considered for the 2023 award, please note you must still complete the Supplemental Survey that follows.
- 3. If you are a first-time applicant or have experienced significant changes in your school or district, please complete the Comprehensive Survey. Please note that the Comprehensive Survey includes the Supplemental Survey referenced above.

Please address each survey question as honestly, thoughtfully, and completely as possible; incomplete applications may impact our ability to understand your information and qualify your district or school for an award.

All responses to the survey are confidential. The survey, its content and any related communication are private and are reviewed by the research and project team at The NAMM Foundation. Questions may be directed to: info@nammfoundation.org.

The survey will be available until January 31, 2023. To begin, click on the word "NEXT" below.

Start your Application

This survey will take approximately 30-45 minutes to complete online. We encourage you to go to The NAMM Foundation website to print out a copy of the survey PDF, and gather all of the data before you begin entering information.

Here are the simple instructions for filling out your survey:

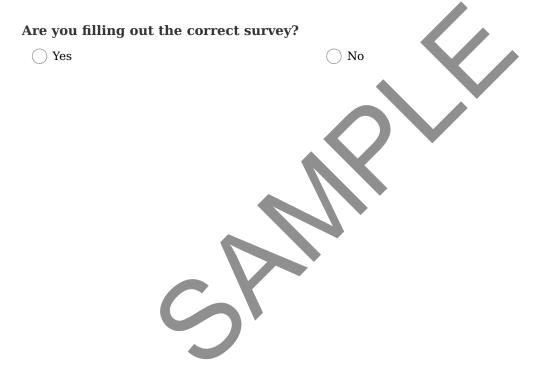

- 1. Some questions are required, while others have been made optional. Required questions are marked with an asterisk*. Note, however, that it is in your best interest to complete as many items as possible. Questions left unanswered can affect your overall score. Applications left incomplete will not be in our final tabulations.
- 2. If you'd like to leave the survey at any time, just click the "EXIT THE SURVEY" button located at the top right hand side of the page. As long as you are on the SAME COMPUTER and your browser's cookies are enabled, you will be able to return to your survey in progress. Your responses will be saved and you can continue where you left off or edit your previous responses.
- 3. Make sure that you complete the brief audit at the conclusion of this survey.
- 4. Survey responses are submitted for consideration when the "SUBMIT" button is clicked on the last page. Do not select this button until you are ready to submit the final application.

If you have any questions, please contact our Technical Assistance team at nammsurvey@gmail.com. Questions will be answered as soon as possible.

Thank you again for your participation!
